The Northwest Missourian

Northwest Missouri State Teachers College

VOLUME XIV

MARYVILLE, MISSOURI, THURSDAY, SEPTEMBER 22, 1927

NUMBER 1

Outlook Bright With Opening of 21st Fall Term

Promising Year Ahead Indicated For
S. T. C. With Increased Enrollment,
Improvements and Added Faculty.

The twenty-first fall term of the College opened last week with every indication of this being the best year in the history of the school. A substantial increase in enrollment, an augmented faculty, an alert, substantial student body and increased facilities of the school all point to a pleasant, successful and profitable year for the students and the institution.

The enrollment in Mr. Rickenbrod's office the first of this week was 657 students and when the Conservatory of Music figures are totaled and duplicates taken out the registration books will show from 735 to 750 enrolled in the College. This is a gain over last year, and from the viewpoint of numbers, ranks with the best fall terms the school has ever had.

More than two hundred new students enrolled on Freshman Day, last Tuesday. A freshman Assembly was held at 11 o'clock in the morning, a luncheon for the new students was given them by the College at noon and in the evening they were guests of the College at the picture show, "The Winning of Barbara Worth," by Harold Bell Wright. Talks were given at the Assembly by President Lanekin, Mr. Cooper, freshman adviser, Dean Barnard, Dean Johnson, representing the Student Government Association, Chilton Ross of the Tower Staff, and the representatives of the three religious organizations, Evelyn Evans, Y. W., Leland Medsker, Y. M., and Roy Conway, Newman Club. "Your first task in college is to develop yourself, and the faculty of this institution is employed to help you do this," President Lanekin told the new students at this Assembly. Continuing he said: "The first thing I would like to urge is that you students get in a position so you can find out the truth and then build to that. I urge that you get a clear idea of the reason you are here. Some of you are here to seek preparation for teaching. Some for

(Continued on Page 3)

Rehearsals Called For College Band

The College band will hold its rehearsals at the recital hall on Monday nights, beginning at 7:30, according to an announcement by H. O. Hieckel. The College orchestra will hold its rehearsals every Tuesday night beginning at 7:15. The time for the orchestra rehearsals has been set a little ahead to care for the larger number which is expected to be in the orchestra than in the band.

Home Ec. Students Take New Positions

More than a hundred home economics students have been placed in positions during the past year, according to the records in Miss Anthony's office. Those who have recently taken positions are: Frieda Bennett, St. Joseph; June Cosine, Brainerd, Mo.; Alda Govan, Jameson, Mo.; Clela McCoy, Martinsville, Mo.; Genevieve Todd, Westboro, Mo.; Wilma Robbins, Vaughn, New Mex.; Edith McMillan, Milford, Iowa; Mildred Davis, Zeeland, Mich.; Mary Hansell, Cameron, Mo.; Letha Wilson, New Canton, Ill.

Miss Criswell Asks Debators to Sign up

Miss Criswell, debate coach, is making plans for the forthcoming inter-collegiate debating season. She says that the class in debate is small at present and has asked that all who expect to try out for inter-collegiate debating see her soon.

If the College is to have a successful year in debating it is necessary to have the debate teams. Miss Criswell also pointed out the advantage to those candidates who are receiving training in the debating class. It is her desire to schedule several debates for the coming year and she is anxious that the best debate talent in school represent S. T. C. this year. All who plan to enter the debating activity are urged to see Miss Criswell within the next week.

Lola Tillet Elected Head of Newman Club

First Meeting Held This Week—Committees Named and Social Affairs Planned.

The girls of the Newman Club House, 311 West Third Street, held their first meeting of the term in the music room Tuesday evening at 7:45 P. M. for the purpose of electing officers and discussing plans for the coming year.

The following officers were elected: Lola Tillet, president; Arlene Gubbert, vice-president; Ludema Tannehill, secretary-treasurer; and Gertrude Sturm, sergeant-at-arms. Arlene Gubbert, Magdalene Lager, Pauline Grier, and Margaret Baier were appointed on the entertainment committee. Rebecca Boyd, Agnes Kennedy, Bossie Haskell, and Pauline Hawks were appointed for the house committee. Plans are being made for a social function in the near future.

New Instructors Join Teaching Staff of S.T.C.

Ten Faculty Members Have Replaced
Others on Leaves of Absence and
Those Who Resigned To Go Elsewhere

Ten new instructors have been added to the faculty since the regular students left here last spring. Most of these are replacing faculty members who resigned or those who are on leaves of absence for the coming year.

Wm. T. Garrett of Chicago is now instructor in the biological sciences. For the past four years Mr. Garrett has taught these subjects in Arkansas at Batesville, Ark. He holds an A. B. from Westminster College at Fulton, Mo., and took work at the University of Chicago this summer to complete work for his Master's degree. He is a former resident of Missouri.

William Metzler of Silver City, New Mexico is teaching economics and sociology in the place of Mr. Wallin who is on leave of absence this year, taking graduate work at the University of Wisconsin. Mr. Metzler has his A. B. and M. A. in economics, law and sociology from Stanford University in California.

Mr. Wm. E. Holdridge of Foley, Minn., will succeed Mr. Annett, who resigned as teacher of piano in the Conservatory of Music. Mr. Annett resigned to take a position in the Woodrow Wilson Junior High School at Long Beach, California. Mr. Holdridge comes from Oberlin Conservatory of Music, Oberlin, Ohio, where he took his Bachelor of Music degree. He has taught at the Oberlin Conservatory and also at Foley, Minn. In addition to his piano work here, Mr. Holdridge will give a limited number of organ lessons.

Miss Vida Rockmeyer of Oseola, Neb., is house director of Residence Hall succeeding Miss Stowell, who resigned to take a similar position at Fargo, N. Dak. Miss Rockmeyer has her bachelor's degree from the University of Nebraska and also her master's degree from the same institution. She has been assistant director of the cafeteria in the College of Agriculture at Lincoln.

Miss Gladys Criswell of Mound City, is the new instructor in speech and dramatics to succeed Mr. Kotterling who was here this summer following the resignation of Miss Eastman. She is a graduate of S. T. C. and holds a Master's from Northwestern University School of Speech at Chicago. Miss Criswell is teaching public speaking and together

with her master's degree from the same institution. She has been assistant director of the cafeteria in the College of Agriculture at Lincoln.

Miss Criswell, debate coach, is making plans for the forthcoming inter-collegiate debating season. She says that the class in debate is small at present and has asked that all who expect to try out for inter-collegiate debating see her soon.

N. W. Missouri Teachers Will Meet Oct. 13-15

Tenth Annual Teachers Meeting to Be
Held at College—Henry Allen and
Other Prominent Speakers to Appear.

The tenth annual meeting of the Northwest Missouri Teachers Association to be held at the College, is less than three weeks away and plans are going forward in Mr. Cooper's office for one of the biggest and most interesting conventions ever held. The dates this year are October 13 to 15 inclusive and officers of the Association are expecting from 1700 to 2000 Northwest Missouri Teachers here during the three days.

The program is rapidly nearing completion and complete announcement of it will be made within a few days. A notable gathering of distinguished speakers and educators will be here to address the visiting teachers. Henry J. Allen, journalist, author, and former governor of the State of Kansas, has already accepted an invitation to speak (Continued on Page 2)

with Miss Dew, will direct the Dramatic Club.

Miss Helen M. Burton of Ypsilanti, Mich. is teaching the women's physical education department. She was graduated from the State Teachers College at Ypsilanti and took graduate work at the University of Wisconsin and at Columbia University, receiving her degree from the latter institution. She has been director of physical education at the Michigan State Teachers College at Mount Pleasant.

Miss Frances Bogle of Centralia, Mo. is a new instructor in the English department. She has her B. S. degree from the University of Missouri and has taught at Howard Payne College at Fayette, Mo., and Highland College at Highland, Kan. Miss Painter, chairman of the English department is on leave of absence this year working toward her Doctor's degree at Yale and Miss Dykes is acting head of the department.

Dr. H. J. Green is the new College physician. He has his A. B. from Midland College, his B. S. in Medicine and his M. D. from the Medical School of the University of Nebraska. He has several years experience in physical education and health work in the schools of Missouri.

Miss Ramona Lair is teaching romance languages, succeeding Miss Fox who resigned. Miss Lair attended the State Teachers College at Ada, Okla., and took her B. S. degree from the Southeast Missouri State Teachers College at Springfield, Mo. She has taught German, Latin, French and Spanish. For the past two years she has been attending the University of Madrid, Madrid, Spain, and Sorbonne (Continued on Page 4)

Miss Vida Rockmeyer of Oseola, Neb., is house director of Residence Hall succeeding Miss Stowell, who resigned to take a similar position at Fargo, N. Dak. Miss Rockmeyer has her bachelor's degree from the University of Nebraska and also her master's degree from the same institution. She has been assistant director of the cafeteria in the College of Agriculture at Lincoln.

Miss Gladys Criswell of Mound City, is the new instructor in speech and dramatics to succeed Mr. Kotterling who was here this summer following the resignation of Miss Eastman. She is a graduate of S. T. C. and holds a Master's from Northwestern University School of Speech at Chicago. Miss Criswell is teaching public speaking and together

with her master's degree from the same institution. She has been assistant director of the cafeteria in the College of Agriculture at Lincoln.

Miss Criswell, debate coach, is making plans for the forthcoming inter-collegiate debating season. She says that the class in debate is small at present and has asked that all who expect to try out for inter-collegiate debating see her soon.

45 Candidates Out to Vie for Bearcat Berths

Eight Letter Men to Form Nucleus of
1927 Grid Machine—First Game October 7 With York College.

If the traditional value of competition in business is equally true in football S. T. C. is going to have a real grid machine this year for forty-five candidates for Varsity Bearcat berths reported to Coach Lawrence last week and two or three more are expected to join the nucleus of the team.

Of this number eight are letter men and are around these veterans that Lawrence is hoping to build another M. I. A. championship aggregation. About twenty-five members of the "squad" spent a week in the football camp on Grand River preceding the opening of school getting in condition and brushing up on some parts of the game. The hot weather of last week prevented hard practice although Lawrence sent his charges through rather strenuous work every day. With the cool weather of this week the squad is down to hard work for the first game with York (Neb.) College is only two weeks off.

The veterans on the team this year are: Captain "Weenie" Willoughby, Maryville, quarterback; K. Fouts, guard, C. Graham, center of Trenton; H. Ogden, end, O. Masters, half, R. Westfall, tackle, all of Maryville; O. Mullenax, guard of Coffey; and E. Wilson of St. Joseph.

The new candidates for Varsity positions, several of whom were stars on different Northwest Missouri high school eleven, include: Earl Hacker, Lawrence, Illinois, and Pierce Tilley, of Bethany; Truman Scott, Frank Daniels, and Cecil Smith of Ridgeway; Leo Cox, Parnell; W. P. Green; "Bill" Smith, Rosedale, Kan.; Oren Hall, Hopkins; John Smith, Cedar Point, Kan.; Lloyd Harris, Jackson, Mo.; L. H. Elam, McFall; Orville Hedges, Conception; Raymond Pugh, Norborne; R. B. Johnson, Burlington Junction; Cecil Young and Evan Agostein, Stewartsville; Clarence Pugh and Carol Russell, Savannah; Roy Hammond, Paul Burles, Pickering; Felix Brown, Kiernan Cummins, Joe Jackson, Jr., James Alsop, Lawrence Sherlock of Maryville; and Herman Amos, Plattsburg.

(Continued on Page 4)

College High Opens with 97; Officers Named

Carl Smith Heads Prep Students—
Lawrence Logan is Senior President
and Nettie Mae Rogers Will Lead Juniors.

The College High School held its first regular assembly Monday at 2:30 for the purpose of electing officers for the fall term. Carl Smith was elected president, Jake Shamberger, secretary-treasurer and Douglas Linville, sergeant-at-arms.

Immediately after the assembly the seniors met and organized. Lawrence Logan was elected president, Katherine Lewis, vice-president, Leland Nichols, secretary-treasurer, and Bernice Crockett, reporter.

The junior class met Tuesday at 11:00 o'clock and elected officers. Nettie Mae Rogers was elected president, Augusta Vert, secretary-treasurer, and Carl Smith, reporter.

The sophomore and freshmen students met at 11:00 o'clock Tuesday and elected officers. Sophomore class officers are: Everett O'Day, president, Opal Cooper, vice-president, Beatrice Cox, secretary-treasurer, and Elaine Bollen, reporter. Those appointed for the entertainment committee were: Helen Winell, James Conway and Rebecca Skell.

Freshman class officers elected are: Marion Dakan, president, Lucile Leeson, vice-president, Elise Dumas, secretary-treasurer, and Jessie Snoderly, reporter. Those appointed for the entertainment committee are: Sammie Moore, Virginia Hardisty, Lorena Holtman, and Mary Walter.

The High School now has an enrollment of ninety-seven. This is the largest enrollment that it has ever had since this department was organized about six years ago. This department is under the supervision of Miss Margaret Franken. She now has thirty practice teachers under her supervision. During vacation Miss Franken's office was moved to room 125. Arrangements are being completed for a High School study hall. This study hall will be supervised at all hours during the day.

The High School students plan to hold a "pow-wow" in the pines west of the College in the near future. This will be something different from anything which has been held in the past. A special committee was appointed to make arrangements for the program. Those in charge are Douglas Linville, Katherine Lewis, and Leland Nichols.

225 Girls at Y. W. "Big Sister" Party

A "Big Sister" party, sponsored by the Newman Club and the Y. W. C. A. was held in the College library Wednesday evening September 14, for the purpose of welcoming the women students who are in college for the first time. The party was in charge of Evelyn Evans and Rebecca Briggs. The feature numbers of the evening consisted of a violin solo by Miss Dvorak, a reading by Miss Criswell, and a vocal solo by Ruth Lawrence. The rest of the evening was spent in group singing and games. About 225 girls were present.

New Demonstration Teachers
The two rural demonstration schools opened with new teachers in charge. Myra Sturm at the Martha Washington and Paye Croy at the Myrtle Tree.

(Continued on Page 4)

1st Dramatic Club Meeting on Friday

Membership To Be Limited to Fifty.—
Twenty-Nine Old Members Have Already Signed Up.

The Dramatic Club will meet for the first time on Friday morning at 11 o'clock. This is one of the most active organizations of the College. It meets twice a month for an hour, spent in the study and production of plays, the criticizing of plays and acting and the study of American and foreign drama, with special emphasis on the New York season. Credit of one and one-quarter semester hours is allowed for the year's work. From the membership of the Club, casts for the public presentation of plays are chosen.

The Club will be limited to fifty members this year. Twenty-nine of this number are old members, having belonged during some previous year. New members are being admitted this week by means of tryouts. The new members will be listed next week.

Extension Dept. Forms Groups In Many Towns

Classes Ready for Visitation Work
in Several Northwest Missouri Towns—
Others to Start Soon.

The extension department under Mr. Cooper has gotten off to a good start in its work for the coming year and extension classes have already been organized in a good many towns in Northwest Missouri. Some instructors met their classes for the first time last Saturday but most of them will make their first trips this weekend.

Miss Katherine Franken will teach Adolescence and Child Study in St. Joseph. From there she will go to Tarkio where she will teach Child Study and Educational Psychology. Mr. Foster will teach history in St. Joseph; Miss Anthony will teach Home Economics in St. Joseph; Miss Bowman will teach English in St. Joseph; Mr. Cooper will go to St. Joseph and organize some classes Friday night from there he will go to Mound City and from Mound City to Savannah. Mr. Withington will go to Forest City for classes in Horticulture and Landscape Gardening. Mr. Metzler will teach Labor and Social Problems in Pattonsburg. Miss White will teach Educational Sociology and Adolescence in Gallatin. F. C. Irion, Superintendent of West Junior High School in Kansas City, who has taught extension classes for the past four or five years will teach History and Politics in Richmond. Mr. Cook will teach History 12th and c in Chillicothe. Several other towns whose enrollment has not yet been completed wish to organize classes. Some of these are Norborne, Burlington Junction, Parnell and Grant City.

There have been calls for a good many courses in St. Joseph and the following is a list of subjects which may be offered there: Child Study, Educational Psychology, Adolescence Psychology, History, Home Economics, Vocational Guidance, Tennyson, Principles of Teaching, Salesmanship, and Commercial Law.

A course in the "Novel, 104, to be taught by Miss Dykes has been organized in Maryville. The first meeting will be this Saturday at the College in room 225.

There is also a demand for economics 65a and b, taught by Mr. Metzler, to be given in Maryville and it is possible that these courses will be organized. Application for correspondent work is coming in to the extension office and a heavy enrollment in this division is expected.

Senior Class Will Nominate Officers

The Senior Class of the College met last Friday morning after assembly in room 327 for the purpose of organizing for the coming year.

Morea Williams was elected temporary chairman of the meeting. She was given power to appoint a nominating committee. This committee consists of: Vernon Barrett, chairman, Dean Johnson, Florence Spat, Mary Yorgessung, Hazel Hawkins, and Miss Dykes and Miss James, ex-officio members.

The next meeting of the class will be held at 4:30 Wednesday, September 21, at which time the class will further organize for this year's work.

Ballot Season Opens at S.T.C. Picks Officers

College Organizations Will Elect About
150 Officers—Morea Williams Chosen
President of Senior Class—Primaries
Friday.

Ballots! Ballots everywhere—and the annual fall crop of officers at S. T. C. is about to be picked. The prospects were never better for a record-breaking crop.

The College High School students were the first to start the harvesting and now have about thirty officers, including all classes stowed away for the winter. Wednesday the Student Government Association met to receive "suggestions" for the two high offices of that organization. The Seniors and Juniors met Wednesday and chose their crop of officers for the year. Thursday morning some twenty-odd College organizations met and most of them brought forth the ballots to choose their leaders for the coming year.

When the smoke of all the ballot battles has died away there will be at least 150 students of S. T. C. holding offices of some kind in some organization. That is about a fifth of the student body—so it should be well led and efficiently organized for the coming year.

Morea Williams Heads Seniors

Morea Williams was chosen for the presidential honor of the Senior class. The other officers named were vice-president, Rebecca Briggs; secretary, Gerald Carroll; treasurer, Clyde Rowland. The nominations were reported by a nominating committee composed of Vernon Barrett, chairman, Dean Johnson, Florence Spat, Hazel Hawkins, and Miss Dykes and Miss James, senior advisers. The seniors also balloted (Continued on Page 4)

Many Attend First All-School Party

Y. W., Y. M., and Newman Club Spon-
sored "Mixer" and Dance at Gym
Last Friday.

A good crowd of students and faculty attended the All-School Party sponsored by the religious organizations of the College, the Y. M. C. A., the Y. W. C. A., and the Newman Club, held at the College gymnasium Friday night, September 16.

The evening started with all the men lining up in one big long line and going around shaking hands with all the girls in the building. Later everybody was given a sack, made of paper, and told to go around and shake hands with somebody until the sack was worn out. Mr. Eek was "master of ceremonies" and soon had everything progressing smoothly. The dance orchestra, arrived about 9 o'clock and dancing was made the "thing of the hour." A "grand-right-and-left" was one of the main features in Mr. Eek's box of tricks.

The evening was one of the hottest nights of the year but did not mar the pleasure of the crowd. Coats were ruled out of order by the men and puch was served generously between courses. Most of the new teachers and many of the older ones were present.

Organizations to Fix Meeting Time

A meeting of practically all of the organizations of the College has been called for 9 o'clock Thursday morning in order that plans may be made for definite meeting times for the coming year. The schedule of classes provides for no general off hour this year and each organization must plan its own meeting time. After these meetings Thursday the time and place of meeting for each organization will be announced.

Faculty Host to Students Friday

An All-School Party with the faculty of the College as hosts, will be held at 7:30 Friday evening in the Library. President Lanekin announced in a speech that the students have met the faculty in a business way during the past week and the party Friday evening will give the students an opportunity to meet them socially. An interesting evening is being planned to show in charge of the party.

"Maryville's Bank of Personal Service"

It Happened During VACATION

Dorr Ewing of Grant City and Martha Kennedy of Maryville were married in St. Joseph Saturday, August 13. Ewing has been a student at S. T. C. for the past three years and the bride received her B. S. degree here the past year. They will be at home in Columbia the coming year and both will attend the University of Missouri.

Christine Hoff of St. Joseph was married to her R. S. degree the past summer, goes to Philadelphia this month where she will study voice in the Curtis School of Music. She will take training for opera work under Mme. Cahior. She has a contralto voice and took active part in the music events of the College while enrolled here.

Zelma Goslee of Skidmore and the Rev. Erle Winifred Locke of St. Louis were married in Kansas City, Saturday, August 31, and will be at home the coming year at Fayette, Mo., where Mr. Locke will continue his theological studies. Miss Goslee was graduated from here in 1925 and attended Columbia University at New York this summer. For the last two years she has taught in the high school at Bronaugh, Mo. Mr. Locke took his college work at the Southern Methodist University at Dallas, Texas.

Paul R. "Pete" Jones, former Bearcat coach, is now a practicing lawyer in Maryville. Last summer Jones passed the Missouri bar examination and resigned his coaching position here. He took his law degree from the University of Kansas. "Pete" has opened an office in the Michau Building and in addition to his law practice will be local representative for the Equitable Life Insurance Company.

Mr. and Mrs. Lewis Werth announce the birth of a daughter during the latter part of August. Mrs. Werth was formerly Laura Belle Nicholas. Both are former students.

Helen Hope Hankins of Jefferson City, a former student here was married August 16 at Ottawa, Ill., to Virgil R. Rick.

Jessamine Flanagan of Independence, Mo., a former student, was married at her home August 23 to Charles W. Wiles of Maryville. They are now at home in Maryville where Mr. Wiles is travelling salesman for the Townsend Wholesale Grocery Company. The maid of honor at the wedding was another former S. T. C. student, Lois Lawson, of Osborn.

Chrystal Wilson, formerly of Hopkins and a student in 1917-18, was married August 11 in Kansas City to Frank Beck of Kansas City. Miss Wilson has taught in the government schools in Porto Rico and Alaska and for the past two years has taught in St. Joseph.

Raymond Henning, B. S. '25 is starting his second year as instructor of the social sciences in the high school at Littleton, Colo. Mr. Foster saw Henning in Denver during August and reports that Henning attended the University of Michigan during the past year studying law.

Jesse Murphy, formerly in charge of the Martha Washington Demonstration school, will have charge of the teachers training work in the Grant City High School. Miss Murphy is also principal of the school.

Pauline Mumma, 20 year old daughter of Mr. and Mrs. T. B. Mumma, and a former student of this College died at her home at 3:30 a. m., Wednesday August 17. The body was taken to Eagleville, Mo., for burial. She was survived by her parents and one brother, Victor.

The bodies of the late Mrs. Ella Meek, LeRoy Meek and Kenneth Evans, sister and former students of the College, were buried at the State Fair grounds at Sedalia.

Mary Todd went to Buffalo, N. Y., to attend the biennial convention of the Sigma Sigma Sigma, national teachers college sorority. Mary was a delegate from the Alpha Epsilon chapter of Maryville. Mary is a graduate of this College and an instructor in French at the Maryville High School, also attended the convention on her way home from Middlebury, Vt., where she has been taking special work in French.

Vernon J. Barrett, who is attending College this fall, was elected a representative from the St. Joseph District at the Epworth League Institute held at Cameron during the week of August 6 to 10.

Well, I have just been reading that nothing is wasted these days. When they kill pigs they say that every part is used but the squeal. I say, it's better than that now. It's the squeal on a record and for a long number.

Outlook Bright

(Continued from Page 1)

training leading to the other professions, and others for general training to fit you for leadership in still other fields. There will be approximately 100,000 students in higher educational institutions this year, and before you finish for your A. B. or B. S. degree there will be more than a million in the colleges and universities. This means that lack of training will be an increased handicap to young men and women as the years go by.

Mr. Lamkin urged the freshmen to participate in the literary, musical, athletic, and other activities of the College but warned them that they were primarily interested in successfully completing the college work in which they were enrolling. He also urged that those preparing to teach select their courses with a view of spending at least two years in college before planning to do any teaching, as 30-hour certificates can be used only in rural school teaching.

The main building of the College has undergone several changes and improvements during the vacation which makes possible a more efficient handling of class work and school activities. Partitions have been made in the old library dividing it into four rooms. The small room on the north will be used for Dean Barnard's office, with the adjoining room for the girls' recreation parlor. The large center room will be a "co-ed" Social Hall for students to gather any time during the day for "visiting" or other social purposes. The next room will be fitted up as a Museum Room and the large room on the South is being used by Mr. Gardner for his music classes.

The old agriculture laboratory has been partitioned into three rooms which will now be used for an office, and two agriculture laboratories. Several changes have been made on the first floor to allow more room for the College High School and demonstration school.

Mr. Mapel to Ohio

Wm. L. Mapel, who for the past year was director of information and in charge of the journalism of the College during the absence of Mr. Selcman, has taken a similar position at the State Teachers College at Kent, Ohio. Mr. Mapel assumed his new duties there the first of September.

Department Doings

Agriculture

The College agriculture department sold their hogs August 17. The fifty-two hogs were fattened by seven sows. When sold the hogs had an average age of 180 days. They weighed a total of 11,210 pounds or an average of 210 pounds each. They were sold at \$10.05 and netted \$11,611.65. The hogs were entered in the pork production contest conducted by the extension department of the University of Missouri.

Home Economics

There are more seniors enrolled for the following year in the Home Economics Department than any other year previous.

Sociology

Mr. Metzler of the Social Science Department is offering the study of Juvenile Delinquency this quarter instead of Anthropology.

Education

Because of the new ruling of the state department two new divisions in Education Principals 22 have been added so that now there are three sections, two of which recite at 11 o'clock.

Vocational Guidance

Classes in vocational guidance are being offered this term for the first time since Mr. Partch left here three years ago. There are eighteen now enrolled in the senior subject in vocational guidance which is indicative of the demand for this work. Many of the public schools throughout the state are demanding this subject. This work is under the supervision of Mr. Cooper, who took vocational guidance under Dr. John M. Brewer at Harvard.

Attend Health Meeting

L. E. Somerville, County Superintendent of Schools and Mr. Phillips, chairman of the education department left Monday afternoon for St. Joseph where they attended the Health Conference called by the Missouri Tuberculosis Association.

Mr. Somerville and Mr. Phillips both appeared on the program.

Oscar O.: There's the handkerchief you dropped last night, dear. I slept with it under my pillow and I've kissed it a thousand times.

Mary I.: That isn't my handkerchief that's little Fido's sweater.

First Week In College

(Continued from Page 1)

in that undiscovered spot which is in them as the heart of ancient mythological Achilles.

When does the freshman study? That's for you to learn. As a clue, we'll say, "all the time". What does the freshman study? That's better. The average and normal college freshman studies and ponders how to study his respective "studies" most efficiently, and, perhaps, sufficiently. Getting back to the analysis of the tutors we will add, how to meet the demands of his instructors most agreeably and graciously; how to speak cunningly and impressively to each varying mentor in such a way that he is able to touch the weakness deeply embedded in the make-up of each and every pedagog.

The prep is entertained, touted and privileged during the first week. At the end of this period, or sooner, he is subjected to the converse in that he is entertained (reversed), boomed, and restricted. Nevertheless, the abused is modest as a hero and gallant in remorse—may more acquire his virtue.

Classes are his bugaboos, sophomores, his nemeses, upperclassmen, older brothers with their fraternal virtues and their "otherwise". He is fearful of

I Want To Be A Senior

I want to be a senior,
And with the seniors stand,
A fountain pen behind my ear
A notebook in my hand.

I wouldn't be an angel;
For angels have to sing,
I want to be a senior
And never do a thing.

—Exchange.

Sewing

I wish to announce to my old patrons and new students that I have moved to the upstairs apartment, 304 West Third Street and solicit your sewing at my new address. Special prices to College girls.

MRS. SIDINE SPOOR
Hanano 3209

their moods and subject to their modes of treatment.

Ignorance is bliss. Therefore, the Frosh is bliss.

Bliss carries with him for an anchor, a pocketbook, alternately in, then out; a dozen valuable slips, receipts, a locker key, a pen, a pencil, reams of blank paper, and a considerably whittled

memory, aside from a cargo of instructions, advice, warnings and, perhaps, a nervous wreck.

Notwithstanding, (if he has withstood) young Bliss has possibilities, perhaps to grow into a large and mighty oak. Seriously, quoting from a recent Assembly speech, every senior president, every college upperclassman, every bas-

ket ball or football star has at one time been a freshman.

So the freshman struggles on, tentatively and hopefully, that some day he may outgrow his greenie age, and attain what now appears to be that self-confident, important and learned zenith of his college career—the rank of a Sophomore.

Welcome and Wishes You a Very

Pleasant School Year

This store is the most complete dry goods and ready-to-wear store in Northwest Missouri. You will always find just what you want at the price you want to pay in our store. It is a common saying to hear, "If you can't find it at Haines, there is no use looking elsewhere."

While you are here attending College we want to serve you in any way we can. Don't hesitate to make your wants known.

Haines

The Biggest Little Store in the United States

Yehle Dry Goods Co

WELCOME STUDENTS

The entire Yehle organization extends to you a hearty welcome. We are glad you are here and hope the coming year will be most pleasant and profitable to you.

Every department of this great merchandising institution has pledged itself to serve you. This store has been serving the people of Northwest Missouri for more than a quarter of a century. We believe our store is equal to that of similar institutions in cities many times the size of Maryville.

Make this store your headquarters in downtown Maryville. Rest and refresh yourself in our Tea Room. Use our free mailing service in wrapping your packages. Visit our many departments and see how well and how reasonably we can fill your needs.

Our Tea Room

We are proud of our Tea Room and we cordially invite you to eat with us. All of our food is really home cooked. Our menus are well-balanced, our prices are reasonable. Our fountain service is excellent. A visit to our Tea Room will show you why we are so proud of this department. Try our mid-day hot plate at 35c.

Our Beauty Shoppe

Competent, qualified operators will serve you in our Beauty Shoppe on the third floor. They have the latest equipment for marcelling, hairwashing, bobbing and other such services. Call for an appointment—we are sure you will be pleased with the work.

The Stroller

By I I I I

Editor's note—It is with much regret that we must inform our readers that the Stroller is under the care of a physician and was unable this week to contribute her column to the Missouriian. He has been under a terrible nervous strain as a result of registering under the new regulations, changing her program, being called into "Presy's" office about the physical educational requirements and a thousand and one other nerve-racking processes.

Her complete breakdown came a few days ago in Psychology 30 and was the direct result of the audacious brilliance of a freshman that caused her wrought-up nerves to snap. Psychology is a trying subject anyway when a nervous person has to study about his nerves. But the Stroller was sitting there somewhat in suspense or fear of being called upon, when Miss Franken made a large O with her thumbs and fingers and asked, "Do you think that I would know as much if I had a little head like that?" From the back of the room an emphatic "Yes" came forth from a verdant freshman—and the Stroller swooned.

She is now under the care of Dr. Green who reports his patient is making hopeful progress and believes she will be able to resume her editorial duties on the Northwest Missouriian next week. Her pulse is still above normal and she runs a little temperature but is able to take some milk and toast nourishment. She has been ordered to stay at Residence Hall where it is "nice and quiet" until she has completely recovered.

W. A. A. to Hike

The Woman's Athletic Association is planning a hike and breakfast Saturday morning at 6:30.

Virginia Dean is in charge of arrangements and wishes to invite all girls that are interested in athletics to attend. The meeting place will be at the gymnasium.

S. T. C. Cannery Puts Up a Thousand Quarts

Beets, Beans, Corn, Tomatoes and Kraut Put Up For Use of College Cafeteria.

Did you know that S. T. C. had a cannery? Well, it has and for its first season of operation will have canned about a thousand quarts of footstuffs which isn't half bad for a "baby" industry.

Although housed in unsuspicious quarters back of the greenhouse Mr. Withington and his assistants have been storing up a lot of vegetables for use by the cafeteria during the coming winter. They have put up tomatoes, beans, beets, corn, kraut and honey, and Mr. Withington says he may experiment a little with putting up some fried chicken.

The work being done this year is more or less experimental and if it proves satisfactory canning will be done next year in gallon cans. A modern canning outfit but on a small scale is being used for this work.

Miss Dykes, who has been staying at the home of Dr. F. M. Ryan on West Second Street, has taken the upstairs apartment at the home of J. D. Ford at 611 N. Buchanan street.

New Jersey Teachers Punch Time-clock

Public School Instructors at North Bergen Must Also "Abstain" From Marriage For 2 Years.

Teachers in the public schools of North Bergen, N. J., will be obliged to punch a time-clock and will not be allowed to marry within the first two years after they have obtained their jobs, the school board of the municipality has ruled in two resolutions at the last meeting adopted.

So many teachers were late last year the board ordered the time clocks installed so that lateness may be properly checked in the coming term. The rule against marriage in the first two years was passed because many teachers following their marriages would come to school in the motor cars of their husbands and thus, according to members of the school board, destroy the morale of their pupils.

Mass. Student Holds His Breath 14 Min.

Breaks Previous Record of 10 Minutes, 20 Seconds Made in 1918.

E. L. Gaylor, Jr. of Milton, Mass., a member of the senior class at Wesleyan, has broken the world's record for breath-holding by establishing a time of 14 minutes, 20 seconds.

10 minutes 20 seconds was recorded.

Gaylor accomplished his feat by breathing excessively a short time before holding his breath, to rid his blood of much of the carbon dioxide. To prepare himself further he concluded the process with three breaths of oxygen, the last of which he held for the record time.

Prof. E. L. Schneider, of Wesleyan, says the authenticity of the test cannot be questioned, as a graphic record of chest and diaphragm motion over the entire period gave convincing evidence that at no time while the test was being made could air have been taken into the lungs.

Ballot Season Opens

(Continued from Page 1)

secretly for candidates to represent the class on the Student Council. Each student voted for two candidates and the six persons with the highest number of votes will be candidates from the Senior Class after they have been passed on for scholastic records by the Registrar.

The Junior Officers.

The Junior Class met Wednesday afternoon and elected Donald Russell, president. The other officers are: Gladys Somerville, vice-president; Lola Tillett, secretary; Vera Smith, treasurer. They also cast preliminary ballots for Student Council representatives.

Student Primary Friday.

The meeting of the Student Government Association at the close of Assembly was of no official significance but suggestions were made for candidates for the leading offices.

The constitution of the student government association says that candidates for the office of president and for the office of vice-president shall be chosen by secret ballot sometime within the first fifteen days of the fall quarter of school. It further provides that after the candidates have been nominated, an election shall be held within the following five school days to elect a president and a vice-president. The vice-president, besides being an officer on the Student Council, is a member at large from the student association.

The above mentioned names were the only ones presented. Rowland and Richmond are both officers in other organizations at the College, and were not sure that they could be candidates. This difficulty, however, will be straightened out soon. No doubt other candidates will be entered in the race before Friday, the date of the primary election. Just as soon as now students become accustomed to the workings of the Student Government Association, more interest will no doubt be shown, and some election demonstrations be made.

Dean Johnson, a member of the student council last year, was chairman of the meeting. He announced that the primary election would be held Friday, and that the election would be the following Friday.

Faculty Members Speak.

Miss Dow and Mr. Eck made short talks to the Association. Miss Dow briefly reviewed the history and traditions of the school and of the student government association at this College. In concluding her talk, she said that the Student Government Association and the Student Council had been criticized for things they did not do and for things which they did. "Student government is now established in this school," she said, "and it is up to the new council to build on the work which has gone before."

Mr. Eck spoke on what a student owes to his college. In brief, he said that the success and rating of any school depended on what the students themselves put into the school. "If a school does not have a good football team or debate team, who's to blame?" he said. "Every student owes it to his college to think he goes to the best college in the country, and to put the best energy he has into the activities of the school."

K. O. P. Meets Thursday.

The Kappa Omicron Phi will have a business meeting Thursday morning at which time it will make plans for the following year. A date will be set for the time of giving a tea for the pledges of the organization.

Lucille Sulpes has gone to Excelsior Springs where she will teach in the grades.

What kind of cars does an engine have? Engineers.

At Your Service

And constantly striving to do your barber work as you wish it done.

We take great pride in serving the discriminating students.

Husband and Wife Swap School Jobs

For the past two years Charles J. Behrens has been school superintendent in Comstock, Texas, and his wife has been teaching in school under him. At a recent meeting of the Comstock board of trustees Mrs. Behrens was elected superintendent and Mr. Behrens was chosen as her assistant, reversing the order. The couple will accept the new arrangement. Mrs. Behrens has announced. A member of the school board explained that a situation existed in the Comstock school which it was thought a woman's diplomacy was required to handle.

That the earth never was a molten mass as has been believed by modern science, but grew up slowly in a solid state with a core of metallic and stony material, is the belief of Thos. Chrowder Chamberlain, professor emeritus of geology at the University of Chicago. Professor Chamberlain, who is 84 years of age, announced this theory recently after twenty-three years spent in a study of the origin of the earth.

The new theory has it that sometime in the past a star approached near enough to our sun to cause, by tidal action, small portions of it to be thrown off, one of these portions being the earth. If the mass had been molten, Professor Chamberlain says, there would have been no such imperfections in the shape of the earth as now exist.—Exchange.

A Boomerang

In the Gospel of Buddha it is related that a certain man, who apparently didn't like Buddha, came up to him and called him a lot of very ugly names. Buddha listened quietly until his reviler had quite run out of epithets, and then said to him:

"If you offer something to a man, and he refuses it, to whom, then, does it belong?"

The bad man replied, "It belongs, I suppose, to the one who offered it."

Then Buddha said, "The abuse and vile names you offer me, I refuse to accept."

Another great Teacher, who lived some six centuries later, said, in regard to appraising the character and motives of others: "With what measure ye mete, it shall be measured to you again."—Selected.

Physical Exams by Dr. Green to Be Started Soon

All Students Will Undergo Examinations By College Physician.—College Is Interested in Health of Students.

Physical examinations of students by the health department will start within the next week or two, Dr. Green, College physician, announced this week. Medical equipment and instruments have been ordered and as soon as Dr. Green's office is outfitted he will start these examinations.

Dr. Green plans to examine every student in school as rapidly as he can. It is the plan of the health department to give thorough examinations, note any defects and prescribe proper corrective measures for minor shortcomings. The College is interested first in the health of its students and second in training teachers so that they may properly care for the health of their pupils when their schools. As President Landin said in a recent Assembly, "The object of physical education is to help you keep well and physically fit for your work. Physical exercise fit for your work."

As soon as possible Dr. Green will announce his plan for making appointments for examinations. It is probable that all students will first be given the privilege of signing up for a time convenient to them and definite assignments will be made for the remainder of the students.

According to Dr. Green proper rules of health will be taught and practiced. Demonstration groups will show how practically this work can be carried out. The health section will attempt to secure the cooperation of every individual on the corrective phases of personal and corrective hygiene.

"Corrective and nutritional groups will be formed for those who need such attention," said Dr. Green. A careful physical examination will be given each student and laboratory work done to corroborate the findings. It is our desire to stimulate an interest in the fundamentals of health so that all teachers going out may be qualified to give instruction along this line and guard the personal health of every student with whom they come in contact. There is a real need for teachers who know children and study them from the anatomical and physiological

point of view. Such teachers are accomplishing better results and are a real aid to the family physician. It is our duty to find out why a child does not learn and if we are successful in such a search to see that he is referred to the proper individuals."

The physical education requirements of the College are in line with the requirements of six quarters or four semesters laid down by the State Department of Education as requirements for teachers who will teach in the public schools of Missouri.

Fully two-thirds of the students of the College are registered for physical education work there being three hundred eighty-four girls and one hundred fifty-seven boys.

Assembly Seating Plans Unchanged

The seating arrangement at Assembly as used in the past will be used again this year. According to this plan, all freshmen students will be asked to sit in the east section of the auditorium during assembly hour. The sophomores during Assembly hour. The sophomores will sit in the back, the juniors in the middle, and the seniors to the front of the center section. The special students, the high school students, and the faculty will sit in the west section.

In passing out the seniors and faculty will arise and pass out first while the rest remain sitting. They will be followed by the juniors, sophomores, and freshmen.

This arrangement has proved very satisfactory in the past and will be followed this year unless changed by the Student Council.

Swimming Pool Open

The swimming pool at the gymnasium is available to students on all off periods through the week and on Saturday mornings from nine o'clock till twelve.

New Instructors

University at Paris, France. While in Spain she was official interpreter for the Spanish Ministry of Education.

Miss Elizabeth Best, who taught here during the summer, will be here during the coming year. Miss Best has her A. B. from DePaul University and her M. A. from the University of Illinois.

And the answer was— "They know their groceries"

You can see how we felt. Here we had a whole new assortment of Society Brand college clothes. We thought they were good. But they were brand new models for Fall—and we weren't quite sure how college men would take to them.

So when they began coming in last week for their Fall outfits, we spread out these clothes before them. We showed them the full, straight coats with easy shoulders. We pointed out the three-button effect with long spaces between buttons. They slipped on a few coats.

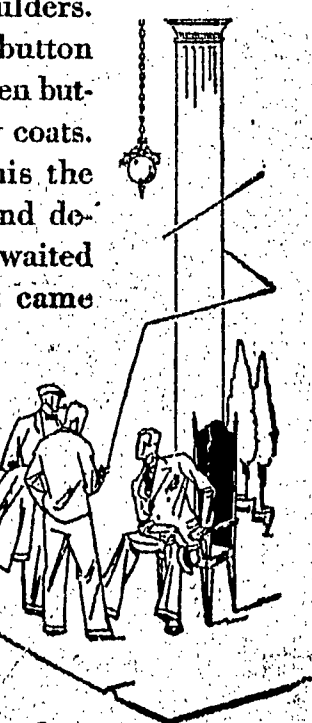

"Well," we asked, "is this the right cut? Can Society Brand design college clothes?" We waited eagerly for the answer. It came with broad grins. "Say, don't worry! Those Society Brand folks know their groceries."

The suit they chose is the one shown here:

CORWIN-MURRIN
CLOTHING COMPANY

The College Shoe Store Welcomes You

We're glad you're here and we hope your school year will be pleasant and profitable. We want to know you and serve you. We strive to serve the student who wishes the best and the latest in shoes and hosiery at the most reasonable cost.

Right now we have many new styles of the latest fall creations in footwear. We cordially invite your inspection of these new creations.

Montgomery Shoe Co.

Where and What Location:

In order that we may be better able to serve our customers our place of business on East Third, (South side of the square), is undergoing extensive improvements and we are temporarily "at home" at 412 North Main Street.

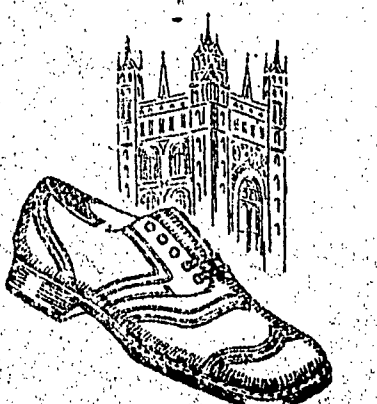

Service:

This temporary move has in no way affected our super-service to your clothes. The Big Green Truck is still on the job, ready to get your clothes "in a jiffy" when they need cleaning, pressing, dyeing or repairing—and will return them to you as promptly—and with a quality of work rapidly becoming known as the "Spic and Span Way."

Treat your clothes right—send them to Spic and Span.

Collegiate Styles in Men's Shoes

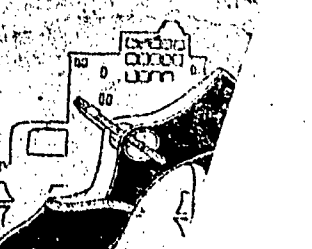

These are the shoes young men like to wear around the campus—substantial with lots of swank and full of comfort. The model to the left comes in tan and black calfskin. By the way black footwear is very good this year.

\$4.95

Ladies' Footwear

Whether its pumps for dress or oxfords for sport or service wear—you will find them here priced moderately.
